Response to Amendment

1. This office action is responsive to RCE and amendment received on 7/10/2007.

Drawings

2. Figure 1 should be designated by a legend such as **--Prior Art--** because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Reasons for Allowance

3. Claims 1-18 allowed over prior art of record.

The following is an examiner's statement of reasons for allowance:

The closest prior art of record, Rune (US 2001/0002906) and Jang et al. (KPA 10-2001-0004954) disclose analyzing and transmitting packets according to the destination address of the packet. However, the prior art of record, taken alone or in combination, fails to disclose a controller detecting an amount of slot usage according to the destination and increases the number of slot usage in destination device based on the packet destination, as in claims 1, 7, 10, 13 and 16 herein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
